

Raises total alkalinity and helps keep pH stable.

TOTAL ALKALINITY CONTROL

ROBELLE

everything for your swimming pool

ACTIVE INGREDIENTS:

Sodium Hydrogen
Carbonate

**KEEP OUT OF
REACH OF CHILDREN
CAUTION**

See First Aid and additional
Precautionary Statements on back panel.
Read all instructions carefully
before use.

ITEM NO.

L7087BA

Directions For Use:

This product raises the total alkalinity in swimming pool water. Proper total Alkalinity is a critical component of water balance. Low total alkalinity can cause pH levels to fluctuate excessively. High total alkalinity can cause pH to resist adjustment, cloudy water and scale may develop. For best results, maintain 60 to 100 ppm total alkalinity.

Before Adding this product to Your Pool:

1. Measure the total alkalinity of the pool water with a reliable test kit or test strips.
2. If total alkalinity is below 60 ppm, add this product using the dosage chart below.

How to Add this product to Your Pool:

1. Broadcast this product over the deepest part of the pool water.
2. Keep the circulation pump running.
3. Retest the total alkalinity level after 4 hours.
4. Repeat treatment as necessary until alkalinity is in the acceptable range of 60 to 100 ppm.

FIRST AID:

IF IN EYES: Hold eye open and gently rinse with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Precautionary Statements

Caution: Contains Sodium Hydrogen Carbonate. Avoid contact with eyes and prolonged contact with skin. Keep out of reach of children.

Storage and Disposal: Storage: Keep this product in original tightly closed container not in use. Store in a cool, dry place. Spills should be rinsed with plenty of water. Container Disposal: Do Not reuse empty container. Rinse empty container with water then place in trash or offer for recycling if available.

DOSAGE OF TOTAL ALKALINITY CONTROL IN POUNDS TO RAISE TOTAL ALKALINITY

Pool Volume Gallons	10ppm	20 ppm	30 ppm	40 ppm
5,000	1	1 1/2	2	3
10,000	1 1/2	3	4	5
20,000	3	6	8	12
30,000	4 1/2	9	12	18
